STRONG AND ENVIRONMENTALLY SAFE

“Just apply, let soak and wash away,” makes D99 an excellent grease buster for heavy industrial and commercial equipment. D99 can be applied to the toughest grease and oils without harming the underlying metal surface. Excellent at low temperatures, D99 saves cost and energy over hot alkaline cleaners and without the disposal problems. D99 is environmentally safe and manufactured in keeping with today’s ecology for the prevention of pollution.

U.S.D.A. AUTHORIZED

For Use in Federally Inspected Meat and Poultry Plants. This product is acceptable as a general cleaning agent on all surfaces, or for use with steam or mechanical cleaning devices in all departments of official establishments operating under the Federal meat, poultry, shell egg grading and egg products inspection.

"We have used D99 in our men's athletic equipment laundry facility for over a year. As we have from time to time, very soiled uniforms to be washed, often there are blood stains, grass stains and just plain stains. D99 does the job."

Jim G. Orange County, CA

"We have been using D99 degreaser to clean fluids and solvents from wire products we fabricate. We find this product does an excellent job of cleaning and is accepted by all the medical device companies we deal with."
